#### **About Mandalay Resources Corporation:**

Mandalay Resources is a Canadian-based natural resource company with producing assets in Australia (Costerfield gold-antimony mine), Sweden (Björkdal gold mine) and Chile (Cerro Bayo gold-silver mine). The Company is focused on growing its production and reducing costs to generate significant positive cashflow.

Mandalay’s mission is to create shareholder value through the profitable operation of both its Costerfield and Björkdal mines. Currently, the Company’s main objective is to continue mining the high-grade Youle vein at Costerfield, which continues to supply high-grade ore, and to extend Youle’s Mineral Reserves at depth and to the south, as well as continuing the regional

exploration program. At Björkdal, the Company will aim to increase production from the Aurora zone and other higher-grade areas in the coming years, in order to maximize profit margins from the mine and continue exploration in near mine and regional.
